

INTRODUCTION

- * The Book of Revelation – the Revelation of Jesus Christ ...
- * We are considering a background of Biblical prophecy before we move into chapter 4 and the prophetic portion of the book
- * We have considered the Divine, Progressive and Systematic Nature of Prophecy ... and the end-time prophecy aspects of the covenants and the feasts.
- * Last week, we consider the end-time prophecy aspects of Nebuchadnezzar's dream (Daniel 2) and Daniel's night vision of the four beasts (Daniel 7 & 8)
- * Today, we want to consider the kingdom of Greece in greater detail and the end-time King (as recorded in Daniel 11 & 12)
... and then, Lord willing, the focus and division of the 70 weeks (as recorded in Daniel 9).
