

**INTRODUCTION**

- \* Brendon was born into a first-generation Christian home in Hilo, Hawaii. His mother was a Buddhist, and his father came from a deistic family before they both accepted Christ as their Savior in their adult years. He accepted the Lord at the age of 11.
- \* After going to Bible college, Brendon helped to start a church in North Africa among the Muslims. After getting married, he and his wife went back to North Africa. While they were starting a church, the government kicked them out of the country.
- \* While back on furlough, the Lord began to burden Brendon's heart that less than 1% of American Christians are reaching about 96% of the world! There are enough Christians in the United States alone to evangelize the world in our generation... Where then are the men and women who will take the good news of Jesus Christ to ends of the earth where untold millions have never heard the Gospel once?!
- \* PROPOSITION: Let God use you! How? Three ways!

**INTERACTION ... Thoughts & Questions to ponder for later discussion**

1. Why do you think we often do not believe God could use us?
2. What are some practical ways we could let God use us more in our family, work, the community, and around the world starting this next week?
