

INTRODUCTION

- * In the beginning of our study of Luke's account of the life and ministry of Jesus, we saw that he was a "Physician." In different passages, we have found that Luke gives details that other writers did not give.
- * Last week, as we considered the deliverance of the man who had a legion of demons dwelling in him, Luke revealed many details of this man's situation before Jesus, and how he was healed and in his right mind when the townspeople came out to tell Jesus to leave.
- * Today, we will be considering two more events of Jesus' powerful deliverance of individuals. Again, Dr. Luke gives us specific details to help us understand the veracity of the events.
- * Though we will consider two deliverances, one is presented as an interruption along the path of the primary object. An important detail to remember in life is that God has many appointments that seem to be only "interruptions" along what we consider to be the primary path!

INTROSPECTION

- * How would your "faith" be described?
- * Do you truly believe that God is able to do exceedingly abundantly above all that you could ever ask or think?
- * What things are you "holding back" instead of taking them to God? Is it pride or sinful desires that is holding you back?
- * Is there a need to change the way you think and therefore the way you act?

INTERACTION ... Thoughts & Questions to ponder for later discussion

- * As we discuss these "Proofs of Jesus Deity," how can we use these accounts in evangelistic or apologetic applications?
